Dear Ms Johnson:

You called last Friday and stated all credit card payments had not been sent through. I have confirmed that and now need to resubmit a credit card payment.

Please advise me on where to fax it to since none of the prior ones were credited. And please explain why they were not credited. There is no fax number on the site or credit card form.

Thank You,

Mary H. Romans

11-26-03: I had left two messages and not heard on where to fax the credit card slip, so I am faxing it today to this fax number, since the secretary for Petitions said to use this number again.

Ms. Romans,

I have tried to call you at the above number only to receive a busy signal. A decision dismissing the petition was mailed yesterday explaining the deficiency in the Card payments. (They are old and directed to many payments other than petition fee) As previously discussed by phone, I need fresh authorizations preferably from your own account. FAX to same number you sent this
SAX!
Thank you
